5S - Lean Manufacturing Principles

Aaaaand some other background info

Lean Manufacturing Principles

- Kaizen
- 5s
- PDCA

改善
Kaizen

Kaizen?

- What is Kaizen? Besides a word that's fun to say.
- Japanese Word
- Continuous Improvement
- What does this mean for you?
- What does this mean for us?

- Literally translated it means Change Good
- Don’t get used to, or be satisfied by the status quo
- Perfection isn’t possible, but we should strive for it everyday.
- Better today than yesterday

5S... Or was it 6?

- Seiri
- Seiton
- Seiso
- Seiketsu
- Shitsuke
- Sort
- Set in Order
- Shine/Sense of Health
- Standardize/Schedule
- Sustain
- SAFETY

Sort-Seiri

- Separate the needed tools, parts, and instructions
- Eliminate unneeded tools, parts, and instructions (from main working environment)
- Leads to>Optimization of work area, Space Freed up, Reduction of Search Times

Sort

Bare Parking Lot	Organized Parking Lot	Label Parking Lot
		

Set in Order- Seiton

Shine-Seiso

- Sense of Health/Hygiene
- Reduction of Defects (FOD)
- Accident Risk Reduction

Standarize/Schedule- Seiketsu

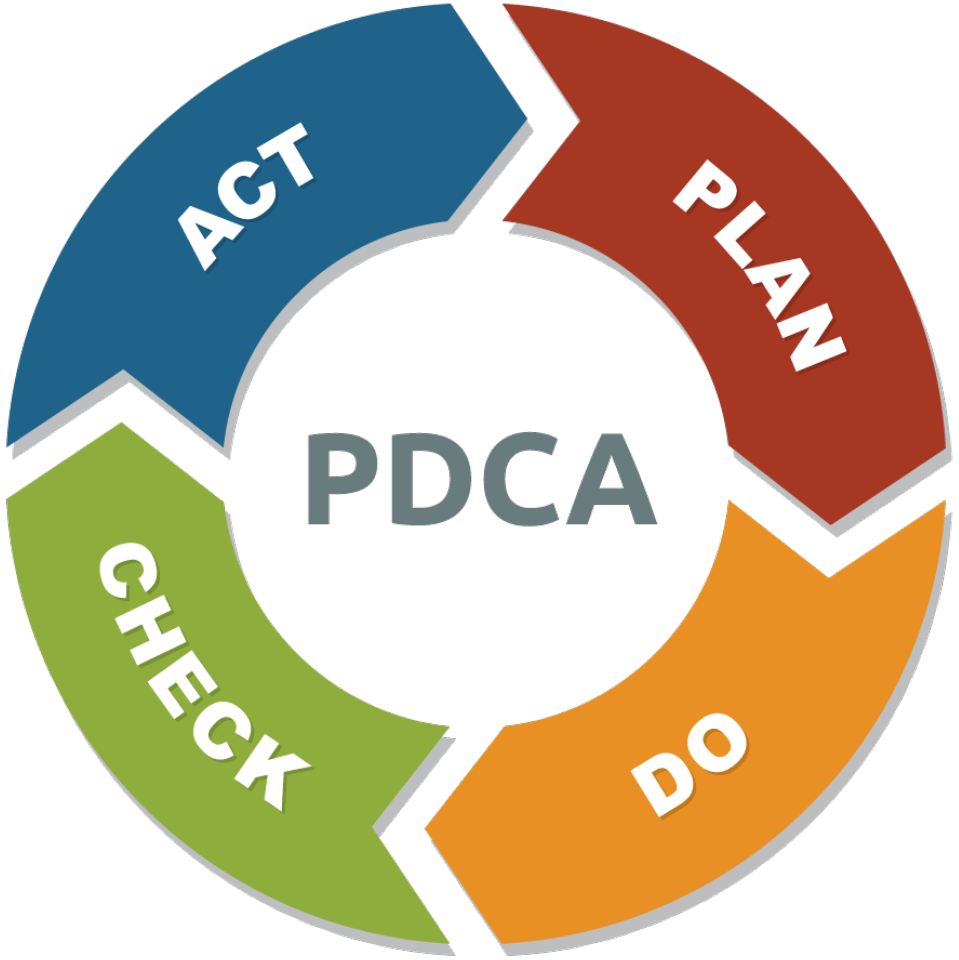

- Establish Procedures and Schedules to ensure the repetition of the first three S practices
- Develop a work structure that will support the new practices and make it part of the daily routine.
- Ensure everyone knows their responsibilities of performing the sorting, organizing and cleaning.
- Use photos and visual controls to help keep everything as it should be.
- Monthly cleaning/tool management

Sustain-Shitsuke

- Auditing
- Ensure 5S approach is being followed
- Perform regular checks and training
- Implement Improvements wherever possible. Worker input is the most valuable way to identify improvements - (Our Incentive Plan)

PDCA

- Plan
- Do
- Check
- Act

Other Concepts For a Future Date

- 8 Forms of Waste
- Zero Defects Forward
- Kanban
- PDCA
